

GRANTS

GRANTS is the flagship product of TOSTEM. Its innovative slim but strong door frame design results in a larger surface area for the glass unit, taking the standard of aluminum windows and doors to another level.

WE Plus

WE Plus is a smart choice for both high-rise as well as low rise homes. Sleek design fulfills the needs of modern architects without compromising on performance and reliable quality.

WE70

WE70 series brings the legendary TOSTEM quality to everyday life. WE70 smart design of the profiles and accessories create an elegant look while being easy to use in both external and internal applications.

GIESTA

Stepping into your home should make you relieved, comfortable, and happy. GIESTA's high-quality wood-pattern or metallic, finish-doors, equipped with user-friendly handles with high-security lock systems give increased convenience to both family and visitors and make us feel glad to be home.

TOSTEM

Wishes you a Happy and Prosperous

NEW YEAR 2021

PART OF LIXIL

TOSTEM

Dear Friend

Wishing you a very happy and prosperous New Year 2021!

The year 2020 had been an unpredictable year, which has re-defined our approach to life in many ways. But on the road to success, the rule is always to look ahead. As the New Year dawns, I hope 2021 is filled with the promises of a brighter tomorrow.

As the popular saying goes, "One of the great beauties of architecture is that each time it is like life starting all over again." I also humbly wish that the coming New Year 2021 will bring a lot of new inspirations in your life and success to the business.

I on behalf of the entire TOSTEM family, thank you for your association and wish you Luck, Prosperity, and a Healthy New Year, and look forward to continue serving you.

**Warm Regards,
Sandeep Mathur**
